

Position: Junior Planning Consultant
Reporting to: Project Monitoring Manager
Location: Horsham, West Sussex

Job Description:

This is a unique opportunity to join a dynamic and ambitious consultancy, specialising in the provision of project monitoring and forensic planning services on major construction and engineering projects to the global commercial insurance & reinsurance industry.

Working from our Horsham office, you will work as part of our project monitoring team reviewing and analysing construction programmes as well as preparing monitoring reports for our clients.

A construction or engineering based degree would be advantageous. This position offers the successful candidate a rare opportunity to develop a career within the lucrative industry of forensic planning and claims analysis.

A minimum of 3 years Primavera P6 planning experience is essential and knowledge of the following additional specialised project management software packages would be beneficial: Primavera Risk Analysis, Microsoft Project, Asta Powerproject and Acumen Fuse. The successful candidate will be expected to have a strong grasp of Microsoft Office applications. You will be working across a wide variety of sectors, so experience of any industry related to construction or engineering projects will be acceptable.

For the right candidate, this is an exciting opportunity to work on major international projects in a challenging and rewarding sector, whilst developing within an ambitious consultancy which offers significant opportunity for career progression.

If you are an ambitious and meticulous individual, with an eye for detail and an analytical mind-set and you think you have what it takes to transfer your skills to the exciting and varied global claims analysis market then we would very much like to hear from you.

Desired Skills & Experience:

Construction/Engineering qualification (desirable but not necessary)

3 years' experience of project planning in construction or engineering sectors

Strong analytical mind-set and attention to detail

Strong computer skills including proficiency in the use of MS Office (Word, Excel, Power Point)

Excellent communication skills

Fluent English written/verbal

Good report writing skills

In return for your commitment to CCI you will receive a competitive remuneration.

Applications

Interested applicants who can demonstrate the experience required are requested to submit their CV with a covering letter to robert.james@ccint.co.uk
